1023-F PLASTO-MEND TPO ADHESION PROMOTER

1023-F has a unique blend of chlorinated polyolefines to promote adhesion of coatings and repair materials to PP, PE, TPO and most difficult to bond plastics.

MIR = 1.23 | 16 oz can | 50 State Compliant

1033 MUL-TIE ADHESION PROMOTER & TIE COAT

1033 greatly enhances the adhesion, appearance and durability of virtually all types of finishes, even when applied over difficult types of plastics such as TPO and polypropylene.

MIR = 2.36 | 16 oz can | 50 State Compliant

4063-F SUPER STICK TRIM ADHESIVE

4063-F is a non-staining, fast drying, high-strength adhesive.

VOC 54% by wt | 24 oz can | 50 State Compliant

4303/4313 TEX COAT CHIP GUARD

Tex Coat is a rapid drying, flexible, protective coating. The texture can be varied to match OEM textures as found on rocker panels and valances. Available in white and black.

MIR = 1.17 | 16 oz can | 50 State Compliant

4323 TEX COAT CHIP GUARD CLEAR

4323 is for use over basecoats before clearcoating or for application over fully cured clearcoats for added chip resistance.

MIR = 1.39 | 16 oz can | 50 State Compliant

4353 WELD THROUGH PRIMER

4353 is a ready-to-use primer to aid in MIG/TIG welding. It offers high resistance to salt and water, providing excellent corrosion protection to the weld area.

MIR = 0.82 | 16 oz can | 50 State Compliant

4363-F QUICK DRY RUBBERIZED UNDERCOATING

4363-F is a rapid-drying highly protective automotive coating for autobody interiors and underhood applications.

VOC < 40% by wt | 24 oz can | 50 State Compliant

4373 RUBBERIZED UNDERCOAT

4373 effectively seals out dust, fumes, heat and cold. It provides excellent adhesion and will not crack or chip under normal conditions.

VOC 40% by wt | 20 oz can | 50 State Compliant

4423 AMBER RUSTPROOFING

4423 provides superior rust protection for replacement panels and new car rustproofing.

VOC 68% by wt | 24 oz can | 50 State Compliant

4603/4613/4623/4633/4673 2 IN 1 PRIMER

2 in 1 Primers are a specialty coating designed for easy & convenient priming of metal and plastic parts. They help prevent rust and seal out moisture. Available in gray, black, red oxide, white and rose.

MIR = 1.26-1.27 | 20 oz can | 50 State Compliant

4643/4653/4663 2 IN 1 TRIM BLACK

2 in 1 Trim Black is a tough, flexible polymer coating designed to restore bumpers and flexible or rigid trim to their OEM condition. Available in matte, satin and gloss finishes.

MIR = 1.21-1.36 | 20 oz can | 50 State Compliant

6213 JAMMIN' CLEAR

6213 is an excellent acrylic clear designed for use when performing small spot and panel repairs. It is fast drying, exhibits good clarity & provides excellent gloss.

MIR = 1.39 | 20 oz can | 50 State Compliant

6363 MELT AWAY EDGE BLENDER

6363 is a simple, accurate way to dissolve the edges of coatings (clearcoat) overspray.

VOC 100% by wt | 20 oz can | 50 State Compliant

6183 SELF ETCHING 1K PRIMER

6183 is a ready to use, one component metal etching primer. It provides excellent protection against corrosion to bare metal.

MIR = 0.91 | 16 oz can | 50 State Compliant

9173C NON-CHLORINATED BRAKE CLEANER & DEGREASER

9173C is a premium quality, fast acting brake parts cleaner that contains no chlorinated solvents. It quickly removes oil & grease from brake parts without disassembling the unit.

VOC 10% by wt | 20 oz can | 50 State Compliant

9183 LOW SPOT FINDER "GUIDE COAT"

9183 is a specialty coating that provides the technician with a visual aid to ensure primed surfaces are totally smooth and even.

MIR = 0.73 | 16 oz can | 50 State Compliant

9783 ACRY SOLVENT

9783 quickly softens and removes adhesives, tar, grease, oil, body sealants, wax, undercoating over-spray and silicones.

VOC 100% by wt | 24 oz can

Transtar's aerosols offer convenience, reliability, versatility and top of the line quality.

Additional features include:

- Quick drying
- Can be used on a variety of substrates
- Most are 50 State Compliant
- Suitable for automobiles, trucks and equipment
- Easy to use aerosol container
