PROGRAMS**
WWW.STOPMPP.COM

**Insurance mandated programs
will result in:**

- 1. Forcing the repairer to breach the trust of the consumer by making unsafe repairs with cheap parts in order to maintain a high scorecard**
- 2. Creating tortious interferences in the relationships with our trusted vendors**
- 3. Creating profits for the insurance industry while providing no benefit to the consumer or the repairer**
- 4. Increase the repairer's liability risks by using untested and potentially unsafe parts**
- 5. Violating the 1963 Consent Decree put in place by U.S. Attorney General Robert Kennedy**

How do we stop this?
